Ear Type: F= Flex, D= Determinate

POSITIONING & MANAGEMENT

Very good early vigor and capability across all yield environments has caused LH 4242 VT2 PRO RIB to become a farm favorite. It performs best when kept on your most productive soils at higher plant populations, but it has a great ability to deliver during stressful years. LH 4242 VT2 PRO RIB moves well south of its zone. It's a very good Grain First / Silage Capable hybrid.
