Ear Height: ML= Medium Low, M= Medium, MH= Medium High

Ear Type: F= Flex, D= Determinate

## POSITIONING & MANAGEMENT

This hybrid is widely adapted east to west and has very good southern movement. It carries strong tolerance to Goss's Wilt, Common Rust and Northern Leaf Blight. It features very good stalks and roots with low risk for green snap. The SmartStax version LH 5739 SS is slightly later in maturity. Plant at medium or high populations, and push the population on your higher producing soils.
