POSITIONING & MANAGEMENT

This hybrid features excellent test weight and grain quality with superior stalks and roots. It performs very well on a wide range of soil types and environments. It moves north and south of its zone very well and puts its flex ear with high test weight on display. With an insecticide at planting, this product does well on continuous corn fields. Its fall appearance and intactness are terrific. LH 6477 VT2 PRO RIB is a Grain First / Silage Capable hybrid.
