

PAIRS WELL WITH: LH 6317 VT2 PRO DG

POSITIONING & MANAGEMENT

This hybrid features excellent test weight and grain quality with superior stalks and roots. It performs very well on a wide range of soil types and environments. It moves very well north and south of zone. The semi-flex ear allows it to work at moderate populations in tougher soils. With an insecticide at planting, this product does well on continuous corn fields. Its fall appearance and intactness are terrific.
