

**PAIRS WELL WITH:** LH 4667 SS and LH 5049 SS

## POSITIONING & MANAGEMENT

This hybrid was EX 5035 in 2019 tests. It showed excellent performance in Latham SuperStrips and was a top performer in our MiniStrips. Its known for girthy ears and the ability to crank out yield with low moisture for its maturity. This hybrid responds strongly to fungicide. Late-season standability is very good although the tops may fall out of it, giving it a little bit of a ragged appearance at harvest. Use with LH 4937 and LH 5049.
